

I-View Now 1Cloud Ports:

Source Port	Source Application	Destination Port	Destination Address	Protocol
Any	Camera	80/443/554/1935/8080/8081	54.86.10.30, 54.86.2.161	TCP
Any	End User	80/443/554/843/1935/4000/4443	54.86.10.30, 54.86.2.161	TCP

There is no need for port forwarding. End users and cameras behind a corporate firewall or proxy will need to have outbound TCP/IP access to the ports and addresses listed above.
